Our Team

- ET Prime team is led by an experienced team of journalists, reporters and editors, business analysts who have collectively spent thousands of hours unfolding every story with every major industry.
- Collectively the ET Prime team has over 150 years of journalism experience
- Each ET Prime story passes through rigorous checks for three qualities:
  - deep research that clearly establishes the context
  - critical analysis that tells you why you should care (or not)
  - and simple, concise articulation that doesn't waste your time.
